PRODUCT BROCHURE

ABOUT KITCHENMASTER

Kitchenmaster Group has been developing and manufacturing a comprehensive range of hygiene and cleaning solutions for more than 50 years.

Established in 1975, the company started by formulating a small range of cleaning products for the local hospitality market. Over the years, the company has grown and now offers full hygiene solutions, serving a wide range of sectors in the United Kingdom, Ireland, Europe and the Middle East.

From a purpose-built manufacturing plant outside Belfast, Northern Ireland, Kitchenmaster prides itself on producing high quality cleaning products underpinned by excellent customer service. We have a manufacturing and distribution centre in Dubai to service our Middle East customers.

We work in partnership with our distributor network, understanding the opportunities and challenges they face we provide operational flexibility to deliver best-in-class service and lead times.

Our team of dedicated hygiene professionals have decades of industry experience, servicing many sectors including foodservice, healthcare, hospitality, education, facilities management and industrial.

Kitchenmaster Group is privately owned, we have the same customer centric approach as when we started 50 years ago, but at a scale to support rapid rollouts and deliver the right solutions so our customers continue to meet their hygiene and safety goals in a highly regulated environment.

CONCENTRATES

BY

Super concentrated products offer significant Carbon Footprint reductions and improve storage space requirements

Super concentrated for fewer deliveries, less waste and improved cost-benefits

Packaging made from recyclable materials

Vegan friendly not tested on animals

Manufactured in accordance with the ISO14001 Environmental Management Standard

Robust refillable bottles eliminate single-use spray bottles and reduce landfill

Dosing system options offer concentration control, user safety, economy in use and reduced waste

“Super concentrated cleaning products for a greener future...”

Reload No. 1 – Sanitiser Degreaser
4x2l / 2x2l

An effective, alkaline, biocidal hard surface cleaner, which cleans and sanitises in one. Suitable for hotels, pubs, canteens, nursing homes, surgeries, veterinary clinics and the food and drinks industry

Powerfully removes grease

Low toxicity product

Ideal for food contact areas

Product exhibits a residual bactericidal activity

Can be used by all standard methods i.e. spraying, mopping, swabbing, scrubbing and wiping

Reload No. 2 – Floor Degreaser –
4x2l / 2x2l

Specifically formulated to ensure fast, efficient cleaning of heavy grease deposits generally found on kitchen floors

Economical dilution rate

Special blend of high active anionic surfactants breaks down grease quickly and efficiently

Surfaces dry quickly to a perfect shine

Suitable for all surfaces. Specially formulated for heavy grease deposits with lower dilution rates

High active product guarantees efficient use

All surfactants used are biodegradable and phosphate free

Reload No. 3 – Toilet Cleaner
2x2l

Reload 3 has a blend of detergents and natural acid leaves toilets clean, scale-free and with a pleasant citrus fragrance. Dilutes down to a viscous toilet and urinal cleaner gel. Suitable for use on stainless steel and porcelain

Diluted using a Ecoshot unit

Fill labelled 500ml bottle with water and add to 2 shots of product to make ready to use solution

Reduces the use of single use plastic and empty ready to use bottles being sent to landfill

Reload No.5 – All Purpose Disinfectant Cleaner –
4x2l / 2x2l

Highly fragranced, orange liquid developed for use around washroom areas. This multi- purpose detergent can be used on any surface leaving it clean and sparkling with a fresh and fragrant smell

Based on a blend of surfactants, biocides, solvents, fragrance and water-soluble dyes

Economical dilution rates

Disinfects, deodorises and degreases in one

Leaves room smelling clean and fresh

Kills odour producing bacteria eliminating the source of malodours

Suitable for use on all surfaces

All surfactants used are biodegradable and phosphate free

Reload No. 6 – Glass & Stainless Cleaner –
4X2L / 2X2L

Formulated to cut through grease on glass/windows and stainless steel to leave a perfect shine. Based on a blend of solvents, surfactants, coupling agents and sequestering agents

Residue free formulation with a smear free finish

Removes grease and grime on stainless steel

Easy to use product-spray and wipe

Non aerosol formulation-ozone friendly

All surfactants used are biodegradable and phosphate free

Suitable for use on VDU's and vehicle cleaning

Reload No. 10 Concentrated Washing Up Liquid -
4X2L / 2X2L

Active concentrated detergent (60%) designed for handwashing and high volume dishwashing in sinks. Can also be used as a general purpose detergent

Produces a long lasting, high, stable foam

Breaks down fats, proteins and carbohydrates from dishes fast and effectively

Grease in dish water is held in suspension preventing it transferring onto dishes

Provides excellent wetting, cleaning and foaming properties

Reload No. 8 – Room Fragrance
4X2L / 2X2L

Citrus air freshener is with a strong, fresh, distinct lemon odour. Easy to use water-based formulation is easy to use and contains a blend of surfactants, essential oils and dispersing agents

Ozone friendly

Effective at removing odours

All surfactants used are biodegradable and phosphate free

Reload No.11 Bacti Vir 4X2L / 2X2L

This detergent disinfectant is designed as a general non-acid, non-alcohol cleaner and disinfectant. For use in hospitals, nursing homes, schools, food processing plants, food service establishments

Can be used on floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, plastic surfaces, bathrooms, shower stalls, bathtubs and cabinets

Can be used in the kitchen on counters, sinks, appliances and cooker tops.

In addition, this product deodorizes areas which are prone to odours caused by microorganisms

Reload No. 9 – Bathroom Cleaner
4X2L / 2X2L

Highly fragranced, deep blue liquid developed for use around washroom areas. Multi-purpose detergent can be used on sinks, floors, and toilets and is based on a blend of acid, surfactants, solvents, fragrance and water-soluble dyes

Deodorises and degreases in one

Leaves room smelling clean and fresh

Removes the most stubborn soils found in washrooms such as soap scum

Kills odour producing bacteria eliminating the source of malodours

Not suitable for use on chrome/brass plated fittings unless thoroughly rinsed with clean water

KITCHEN AND CATERING

“Cost-effective, powerful cleaning for
kitchens and commercial premises

Kitchenmaster products deliver power and results where
they're needed most, where 'just okay' won't do.

Machine Dishwash Detergents 4x5Lt & 20Lt (308, 308P & 330)

A range of dishwashing detergents that are specifically formulated to contend with soft to extremely hard water conditions

May be used in all automatic machine dishwashers, i.e. single tank, conveyor & flight

Economical in use

Effectively removes soils and stains from glasses, crockery and cutlery

Inhibits the formation of scale in machines

Excellent wetting, cleaning and low foam properties

Sequestering agents are phosphate-free

Rinse Aid 4x5Lt & 20Lt 702

A rinse additive for dishwashing and glasswashing machines - to assist drying and to give sparkle to all catering ware

High active product guarantees efficient use

Low foam surfactants aid overall cleaning performance

Solvents used promote rapid streak free drying of dishes & cutlery

Leaves glasses and cutlery free from 'Spotting'

Hand Dishwashing Liquid 4x5Lt & 20Lt (701, 703 & 704)

A range of washing up liquid varying from 8% activity to highly concentrated. Also available with biocide

Excellent for hand dishwashing and general cleaning of all hard surfaces

Convenient to use through a Ounce-A-Matic Pump or a Wall Mounted Push Pump

Liquid Tray Wash 4x5Lt 606

An alkaline liquid developed for use in tray wash machines to remove a range of stains.

Economical in use

Suitable for use on aluminium

Effectively cuts through fats and protein soils

May be used in all water conditions

Compatible with all tray/pot and pan washing machines

Sequestering agents are phosphate-free

Leaves fine china with a sparkling glaze finish

Compatible for use in washing surgical instruments as carried out in hospital C.S.S.D

Hygienic Hand Soap 4X5lt 801

A clear, colourless, odourless bactericidal lotion soap which is effective against a broad range of gram positive and gram negative bacteria, moulds, yeasts, algae and fungi

Specially formulated for use in areas where hygiene is of utmost importance such as food prep areas and plants, hospitals and nursing homes

Hand Sanitising Gel 4x5lt / 4x2lt

A clear, colourless, odourless bactericidal hand gel that evaporates quickly eliminating the need for hand drying

Effective against a wide range of gram positive and gram negative bacteria, fungi and algae

Contains emollients to moisturise skin and leave hands feeling soft without any sticky residue

Ideal for use in all high risk food operations

Automatic Dishwash Powder 10Kg (250 & 260)

A non caustic, non foaming, white alkaline machine dishwashing powder with a chlorine releasing agent for hand feeding into under-counter and other automatic dishwashing machines

Economical in use

May be used in single tank machines

Effectively removes soils and stains from glasses, crockery & cutlery

Inhibits the formation of scale in machine, ensuring perfect results every time

Provides excellent wetting, cleaning and low foam properties

Contains chlorine for the removal of tannin from cups

Chlorinated Machine Dishwash Liquid 4x5Lt & 20Lt 504

Formulated for use in soft water areas where tannin is a problem, contains chlorine releasing agent which effectively removes tannin from cups

Spray Oven Cleaner
4x5Lt 320

A caustic based high performance spray oven cleaner for removing carbonised fats and grease from ovens and grills

Economical dilution rates as it can be used neat or diluted

Convenient to use through a flexispray

Solvents present soften deposits and ensure surfaces are left sparkling clean

Surfactants used are biodegradable

Concentrated Oven Gel
4x5Lt 370

Concentrated alkaline gel designed to clean carbon and grease deposits from ovens, deep fat fryers, griddles, stove burners, plates and grills

Gel formulation gives improved adhesive power to vertical surfaces

Highly concentrated formulation means carbon deposits are broken down quickly

Surfactants used are biodegradable

Combi Oven Cleaner
4x5Lt

Highly alkaline liquid designed to clean carbon and grease deposits from Combi Ovens

Oven Cleaner
6x750ml 100

Alkaline Oven Cleaner removes carbon and grease deposits. Contains a blend of caustic soda solution, surfactants, viscosity modifiers and dyes

Gel formulation for improved adhesive powers

Concentrated formulation means carbon deposits are broken down quickly

Reacts with fats to form soap and is wiped away easily. Wetting agents aid greasy soil penetration

Surfactants are biodegradable & phosphate free

May be used in all water conditions

Not recommended for use on aluminium, zinc or their alloys

Deep Clean Sanitiser Degreaser
4x5Lt 605

An effective alkaline, biocidal hard surface cleaner & degreaser. Formulated from a blend of non-ionic, amphoteric and cationic surfactants, sequestering agents, alkaline builders and corrosion inhibitors

Effective against gram positive and gram negative bacteria and has a low toxicity for use in abattoirs, kitchens and all food contact areas

Has a residual bactericidal activity & can be used via spraying, mopping, scrubbing, wiping etc

Surfactants are biodegradable & phosphate free

Suitable for use on walls, floors, doors, fridges and all food preparation areas

Multi Surface Cleaner with Biocide
6x750ml / 2x5lt 102

Multi-surface cleaner with biocidal properties suitable for use on all surfaces. Tough cleaning power to remove the most stubborn of stains Contains a blend of surfactant, alkali builders, sequestering agents, biocide, preservative and perfume

Handy ready-to-use trigger spray

No diluting necessary

Suitable for use in food preparation areas

Excellent grease removal properties

Effective against a wide range of gram+ & gram - bacteria

Non-toxic, non-corrosive and non-flammable

Surfactants are biodegradable & phosphate free

Bactericidal Surface Sanitiser
6x750ml 103

An aqueous blend of nonionic surfactants and biocides which are effective against a wide range of gram positive, gram negative bacteria, fungi and yeasts, including E.Coli

Effective against a broad spectrum of bacteria.

Suitable for use in all food preparation areas.

Can be used as final rinse in meat room sanitation

Non smearing & leaves no solid residue

Surfactants are biodegradable & phosphate free

Bactericidal Surface Sanitiser
4x5Lt 802

A blend of biocides which are effective against a wide range of bacteria, fungi and yeasts including E.coli and MRSA

Effective against a broad spectrum of bacteria

Suitable for use in all food preparation areas

Air dries without tainting the taste of food

A no rinse sanitiser

Non toxic, non smearing, leaves no solid residues

Heavy Duty Degreaser
4x5Lt 604

Specially formulated to ensure fast, efficient cleaning of heavy grease deposits generally found on kitchen floors. High active anionic surfactants ensures grease is broken down quickly and efficiently

Surfaces dry quickly to a perfect shine

Suitable for use on all surfaces

Specially formulated to clean all areas at higher dilution rates

Surfactants are biodegradable & phosphate free

Sanitising Powder 10Kg 202

A bright white granular free flowing sanitizer for cleaning and sanitising most surfaces

Suitable for cleaning and sterilising of fridges, freezers, food equipment and food processing equipment

Effective destain properties

Excellent grease removal properties

Destain Powder 10Kg 208

A white granular free flowing powder destainer for removal of tannin and coffee deposits, yet leaves no after taste when rinsed

Destains tea and coffee urns, plastic ware, vending machines and crockery

Kills odour producing bacteria making it suitable for use as a deodoriser

Does not deglaze plastics

Power Degreaser 10Kg 205

A blend of biocides which are effective against a wide range of bacteria, fungi and yeasts including E.coli and MRSA

Effective against a broad spectrum of bacteria

Suitable for use in all food preparation areas

Air dries without tainting the taste of food

A no rinse sanitiser

Non toxic, non smearing, leaves no solid residues

Neutral Floor Cleaner 4x5L

A neutral based floor cleaner polish, for all floor types, with a fresh clean fragrance which does not dull polish. Contains a blend of surfactants, solvents, emulsifiers, sequestering agents, preservative, dyes and fragrance

Economical dilution rates and removes oil, grease, grime and heel marks with ease.

Suitable for damp mopping and spray cleaning techniques & can be used in all water conditions

Surfactants used are biodegradable and phosphate free

Descaler for Utensil Washing Machines 4x5Lt 401

Hydrochloric acid based descaler for removal of limescale and protein/stone deposits from machine dishwashers, water boilers, kettles, water coolers, air conditioning filters etc

Eliminates calcium and magnesium hard water mineral deposits

Descales deposits from wash arms, spray jets and interior of dishwasher

Prevents dishwasher machine breakdowns and service calls

Economical in use

Drain Digester 25Lt

Formulated with a special blend of bacteria and enzymes which digest grease and other organic matter found inside drain lines and grease traps

Breaks down oils, grease, fats and other organic compounds into environmentally friendly compounds

5 essential enzymes present to ensure performance

Keeps drain lines free flowing, eliminates odours and reduces grease trap pumping

Bactericidal Hard Surface Cleaner 4x5Lt 601

A mildly alkaline cleaner with a biocide which cleans and sanitises in one

Suitable for all surface cleaning, especially food preparation areas

Fragrance free

Solvents present help dry surfaces quickly to leave them sparkling clean

Combi Rinse Aid 4x5Lt

Combi rinse is an additive for Combi Ovens to assist rapid streak free drying

Descaler 4x5Lt 403

Phosphoric acid based descaler for removal of limescale and protein / stone deposits from machine dishwashers, water boilers, kettles, water coolers and air conditioning filters

Eliminates calcium and magnesium hard water mineral deposits

Contains corrosion inhibitors

Removes scale and staining from vitreous ceramic surfaces

Attacks lime and scale build up in dishwashing machines and milkstones on other surfaces

Economical in use

Lemgel Cleaner - 4x5Lt 111 (Buffable) & 111NB (Non-Buffable)

Lemon coloured gel for the routine cleaning and maintenance of floors treated with metallised floor polish. Contains a blend of anionic surfactants, inorganic viscosity modifiers, preservative, fragrance and water soluble dyes

Removes oil, grease and grime from wood, vinyl, terrazzo and other hard surfaces

Can be used for general hard surface cleaning and has a strong, fresh, clean lemon odour

Provides excellent wetting and cleaning properties and is effective on PVC upholstery

Surfactants are biodegradable & phosphate free

HOUSEKEEPING

HOUSEKEEPING

Elevate your cleaning
to the next level

Effective, safe, and perfect for every room.
Enjoy a fresh, clean scent and a healthier environment.

Glass & Stainless Steel Cleaner 104

6x750ml / 2x5Lt

An excellent cleaner formulated to cut through grease and grime on glass, stainless steel, mirrors and windows to leave them sparkling clean

Loosens, dissolves and suspends most types of soils from glass

Residue free formulation

Clean fresh fragrance

2x5Lt pack available for cost-effective refilling of trigger sprays

Odour-Sorb 108

6x750ml

Highly effective odour absorber with no fragrance

Attacks the odour producing bacteria therefore eliminating the source of the smell

Removes odours such as nicotine, onions, garlic, sweat, vomit, urine etc

Suitable for use in all rooms as well as on fabrics such as curtains, bed linen and clothing

Furniture Polish 105

6x750ml / 2x5Lt

A pleasantly fragranced furniture polish that cleans and conditions wooden surfaces to leave a superior shine

Cuts through grease, oily films and fingerprints with ease

Suitable for use on a wide range of surfaces other than wood such as vinyl, laminates, formica, stainless steel, plastic, leather and painted metals

2x5Lt pack available for cost-effective refilling of trigger sprays

Bacti-Vir 109

6x750ml

Multi purpose cleaner / disinfectant that kills all bacteria and viruses including MRSA, C.diff and animal viruses EPA registered so can be sold into the health sector i.e. hospitals and nursing homes

Suitable for use where hygiene is of prime importance such as hospitals, nursing homes, schools, food processing plants, public restrooms, veterinary clinics and animal housing facilities etc

It can be used on a wide range of surfaces from the kitchen to the bathroom

Effective de-odoriser as it kills the odour producing bacteria therefore eliminating the source of the odour

Air Freshener 106

6x750ml / 2x5Lt

Fresh linen scented room re-odoriser

Effectively removes bad odours and freshens rooms with a pleasant citrus fragrance

Ideal for use in a wide range of domestic, institutional and industrial applications

2x5Lt pack available for cost-effective refilling of trigger sprays

Multi-Surface Cleaner with Biocide 102

6x750ml / 2x5Lt

All purpose cleaner and disinfectant that can be used on a wide range of surfaces

Suitable for use in kitchens and food prep areas

Powerful biocide kills a wide range of bacteria, fungi and algae

Excellent grease removal properties

2x5Lt pack available for cost-effective refilling of trigger sprays

Bath & Tile Cleaner 107

6x750ml / 2x5Lt

High quality bath and tile degreaser that effectively cuts through grease, grime, moulds and mildews

Excellent at removing even stubborn soils such as soap scum and body fats

Also good for limescale removal

2x5Lt pack available for cost-effective refilling of trigger spray

Atlantic Fresh Multi-Surface Cleaner 608

This highly fragranced product has been formulated for use in non-food areas to clean all surfaces and leave rooms smelling clean and fresh for many hours after cleaning

Fresh fragrance leaves room smelling fresh long after it has been cleaned

High active product guarantees efficient use

Suitable for use on all surfaces

Suitable for reception areas, stairwells, public areas

Special blend of high active anionic surfactants ensures grease is broken down quickly and efficiently

Surfactants are biodegradable & phosphate free

Washroom Cleaner/Sanifresh 4x5l

Highly fragranced liquid developed for use around washroom areas. Multi-purpose: can be used on any surface from sinks, floors, mirrors or toilets, leaving surfaces with a clean & fresh smell

Contains a blend of surfactants, biocides, solvents, soaps, fragrance and water-soluble dyes

Economical dilution rates

Disinfects, deodorises and degreases in one

Leaves room smelling clean and fresh

Removes the most stubborn soils found in washrooms such as soap scum

Kills malodour producing bacteria

Suitable for use on all surfaces

Surfactants are biodegradable & phosphate free

Toilet Maintainer 12x750ml

A highly fragranced toilet cleaner, for daily use on toilets and washrooms.

Viscous liquid to ensure a better cleaning action.

Highly fragranced to leave room smelling fresh.

For daily use without causing harm to the environment.

1lt pack with directional nozzle.

Surfactants are biodegradable & phosphate free

Loocare Toilet Cleaner Descaler

A powerful viscous highly fragranced acid descaler for use in toilets

Removes scale and staining from ceramic surfaces

Highly viscous which allows product to cling to inclined & vertical surfaces, giving greater contact time hence making product more effective

Safe for use on porcelain glass like toilet pots and wash-hand basins

Fresh fragrance leaves pleasant fragrance

Floor Stripper 4x5l

Floor polish stripper removes water based floor polishes, leaving floor surfaces ready for polish applications. Suitable for use on rubber, sealed wood, terrazzo and thermoplastic floors. At high rates of dilution, this product makes an excellent hard surface cleaner

Specially formulated to break down metallised emulsion polish

Fast acting formulae

Ideal for use with scrubbing machines

Surfactants used are biodegradable and phosphate free

Solvent free

Extract cleaner for carpets & upholstery 4x5l

A light green, fragranced liquid for use through hot water extraction machines. Product is based on a blend of low foam surfactants, emulsifiers, sequestering agents, soil suspending agents and perfumes

Removes the heaviest of dirt with ease

Suitable for use on woven and non-woven carpets

Excellent product for cleaning vehicle upholstery

Low foam formulation makes it easier to pickup

Floral fragrance leaves room smelling clean and fresh

All surfactants used are biodegradable and phosphate free

Floorbrite Floor Polish 4x5l

Specially formulated to protect and enhance the appearance of vinyl, thermoplastic, linoleum and rubber floors, sealed porous floors, terrazzo, marble, stone and quarry tiles

Gives a high gloss "wet look" finish

Excellent wear resistance

Easily maintained

May be stripped easily using Kitchenmaster Floor Stripper

Resistant to slip, scuffing, soiling and detergents

High solids content (25%) means fewer applications to achieve a superb result (leading to reduced labour time)

Excellent surface adhesion, no seal or undercoat required

Floor Maintainer 4x5l

Economical dilution rates

Gives excellent results on all metallised polishes and wet look systems

May be used by damp mopping and spray burnishing

May be used on non-porous floors such as rubber and pure vinyl without the use of polish or seal

Improves resistance to slip

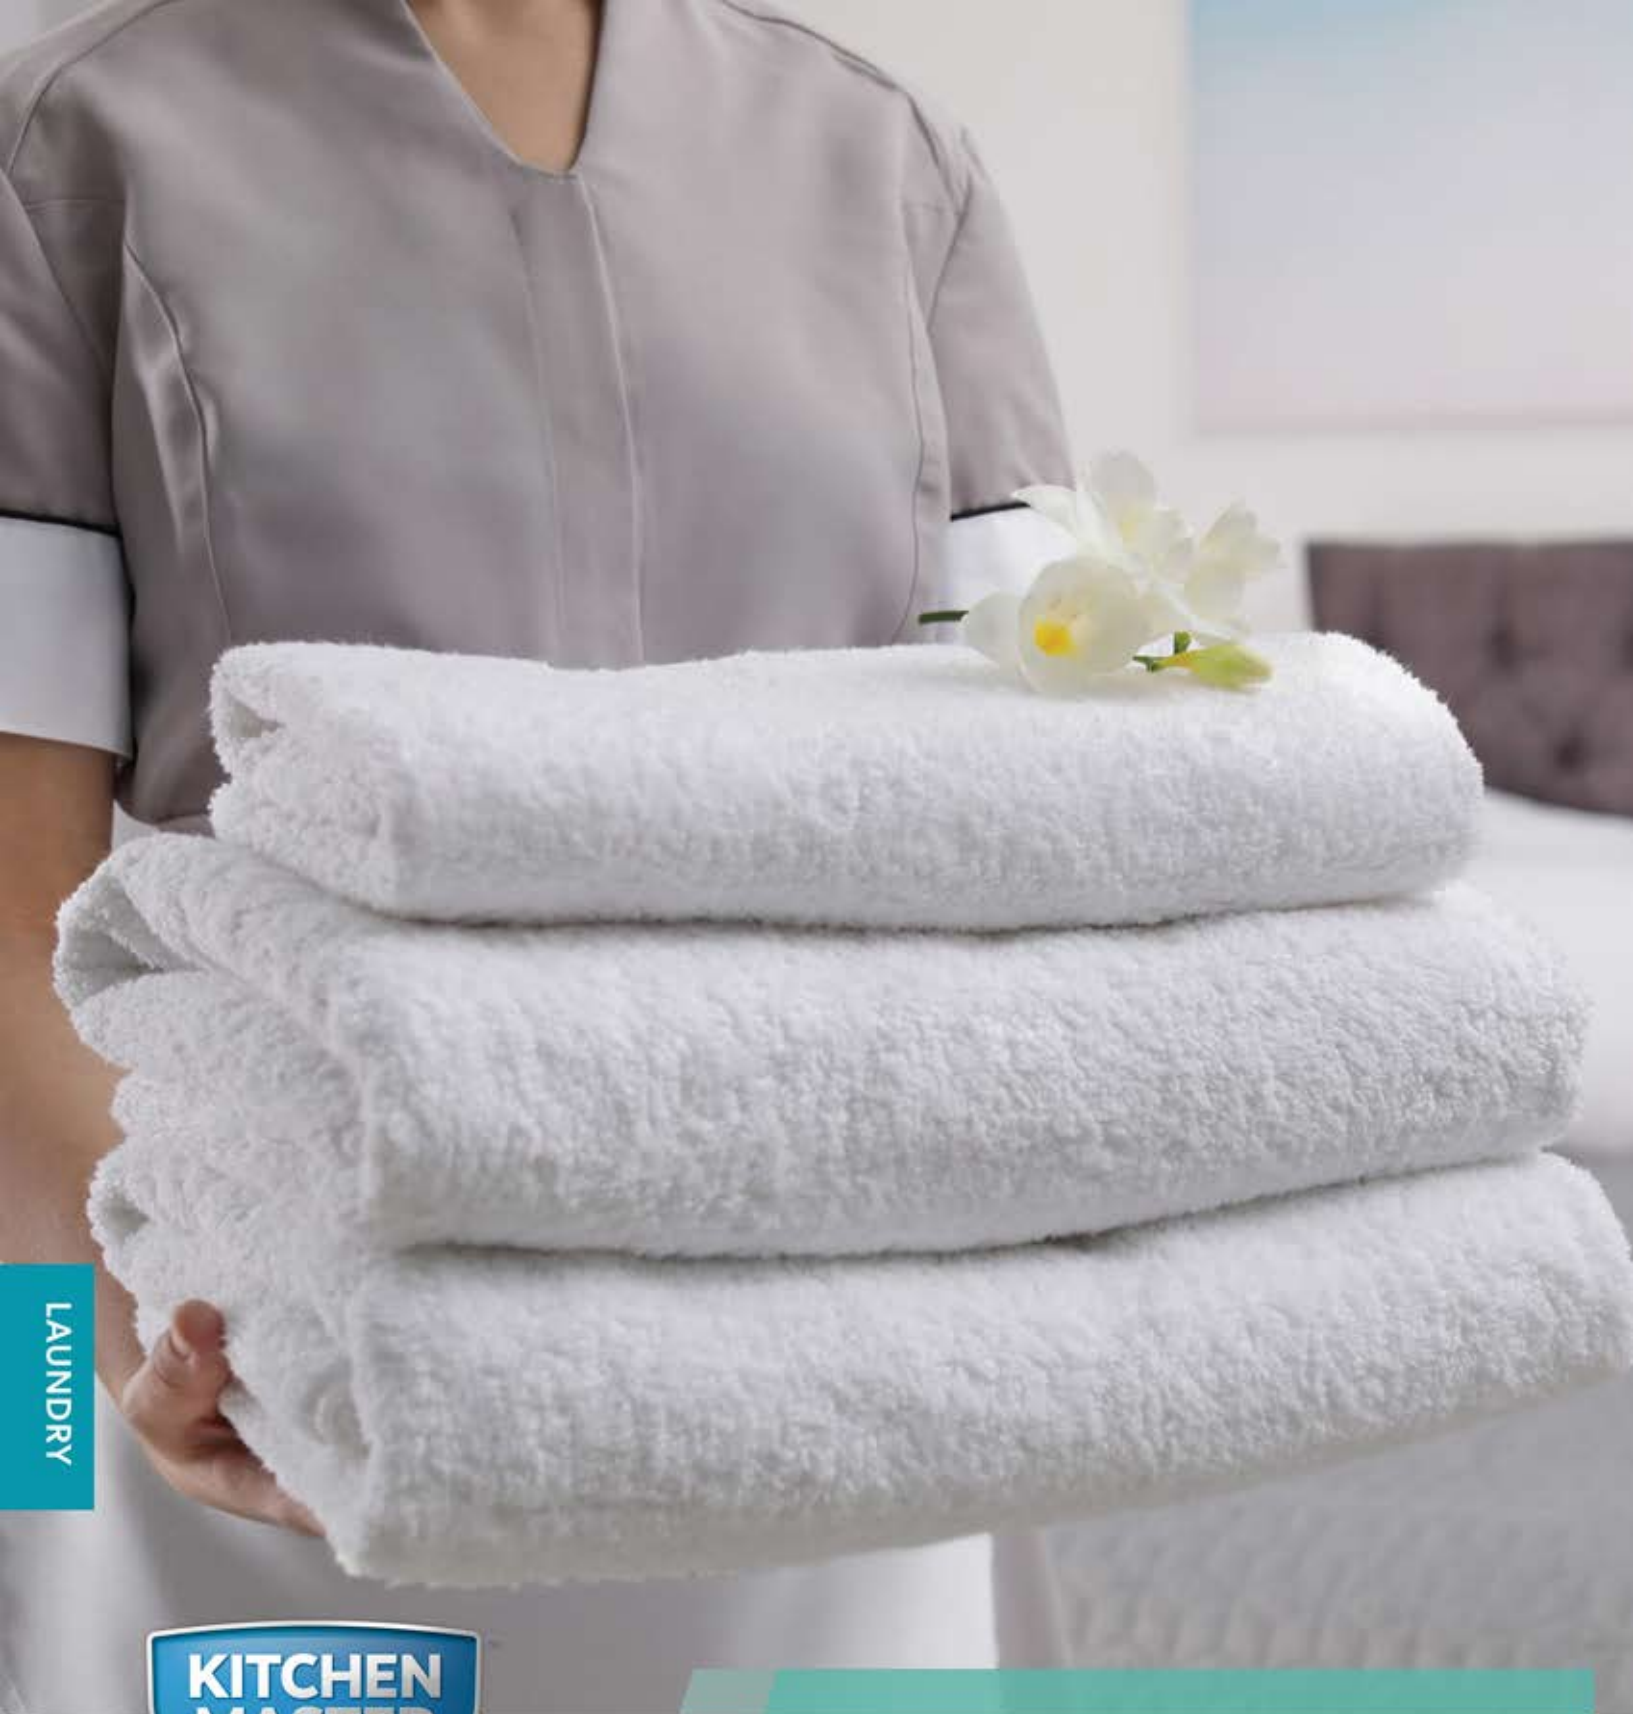

Biocidal effect allows safe use for areas such as hospitals and nursing homes

Highly fragranced to leave room smelling clean and fresh

Surfactants used are biodegradable and phosphate free.

HOUSEKEEPING

LAUNDRY

LAUNDRY

“

Sparkling clean, every wash
freshness for your fabrics

Experience the ultimate clean with Kitchenmaster laundry products. Our formulas remove tough stains while being gentle on fabrics, ensuring fresh, vibrant clothes with every wash.

Oxy Bleach – 2x5l/20l

Based on stabilised peroxide bleach, more environmentally friendly than hypochlorite based bleaches

- Residue free formulation - reduces skin irritation
- Prevents cross contamination in collective laundries
- Gentle on fibres & gives excellent whiteness
- Effective against MRSA
- Surfactants are biodegradable and phosphate free

Medio – 2x5l / 4x5l / 20l

High active biological, phosphate free, laundry liquid formulated for use in all machines

- Extremely effective and economic in use
- Optical brighteners deliver a "whiter than white" appearance
- Removes stubborn stains
- Anti re-deposition agents ensure soil is removed and held in suspension during the wash cycle
- Emulsifies oils and grease type stains
- Blend of surfactants and soil suspending agents prevents greying of fabrics

Alkali Break – 20l

A highly active alkali wash with added soil suspending agents. Superb cleaning results on all types of fabric

- Economical in use
- Boosts grease removal
- Enhances all properties associated with Medio
- Contains added soil suspending agents to prevent redepositioning onto fabric
- Non-foaming formulation
- Phosphate free formulation
- All surfactants used are biodegradable

Emulfast – 25l

A super-strength emulsifier for industrial and professional use. For use in conjunction with Kitchenmaster Laundry Liquid

- Suitable for use on all fabric types
- Liquid formulation for automatic dosing
- Removes oily, greasy soiling with ease
- May be used in all water conditions
- Excellent performance even on heavily soiled fabrics
- All surfactants used are biodegradable and phosphate free

Laundry Destain Powder – 10kg

White granular, free flowing powdered destain, with an environmentally friendly oxygen based acceleratorated destaining agent that gives excellent low temperature results

- Corrosion inhibitors protect machine wear
- Excellent stain removing properties
- Ideal for use on poly cottons and cottons
- Effective in all water conditions
- Versatile application
- Surfactants are biodegradable and phosphate free

Once Laundry Liquid – 4x5l / 20l

Fully built, low foaming, heavily sequestered, biological detergent. giving excellent results in both domestic and commercial machines

- Extremely effective and economic in use
- Optical brighteners deliver a "whiter than white" appearance
- Removes stubborn stains
- Emulsifies oils and grease type stains
- Lower wash temperatures give excellent results
- Highly fragranced to leave clothes smelling clean and fresh
- Blend of surfactants and soil suspending agents prevents greying of fabrics

Brite Bio Laundry Powder 9kg / 20kg

Brite Bio is a fully built, low foaming, heavily sequestered, biological detergent specially formulated for OPL systems in healthcare establishments, hotels and schools

- Concentrated formulation
- Extremely effective and economic
- Optical brighteners deliver a "whiter than white" appearance
- Emulsifies oils and grease type stains.
- Accelerators give excellent results at low temperatures
- Active oxygen works on pigment stains
- Fragranced to leave clothes smelling clean & fresh

Brite Non – Bio Laundry Powder 9kg / 20kg

Fully built, low foaming, heavily sequestered, non-biological detergent. giving excellent results in both domestic and commercial machines

- Concentrated formulation
- Extremely effective and economic
- Optical brighteners deliver a "whiter than white" appearance
- Removes stubborn stains
- Accelerators give excellent results at low temperatures
- Fragranced to leave clothes smelling clean & fresh

Fabric Conditioner 2x5l / 4x5l / 20l

For commercial and hospital laundry on all fabrics. Contains substantive softening agent and a sweet floral fragrance

- Natural and synthetic fibres feel softer
- Anti static properties repel soiling keeping fibres cleaner for longer
- Clean and fresh perfumed fibres
- Gentle on sensitive skin
- Reduces water retention which can reduce drying times
- Biodegradable and phosphate free

COMMERCIAL

COMMERCIAL

Exceptional cleanliness for your commercial space

Enhance your commercial cleaning routine with Kitchenmaster's products. Designed specifically for bars, restaurants, and commercial premises

RENOVIVE 10Kg/5Kg

A detergent sanitizer, which has been formulated to remove films and deposits from drinking glasses which improves the beer head retention and lacing of beers. It is also suitable for use as cabinet and rotary brush machines as a general maintenance product

- Sanitizes glasses and benefits machine interior
- Suitable for use on aluminium
- Does not deglaze plastics
- Does not cause clouding or staining of glasses
- Improves beer head retention and lacing of beers
- Excellent at removing soils and lipstick from glasses
- Kills odour producing bacteria

Rinse Aid 4x5Lt 702

An economical rinse additive for glasswashing machines - to assist drying and to give sparkle to glassware

- Economical dilution rates
- Low foam surfactants aid overall cleaning performance
- Solvents used promote rapid streak free drying
- Leaves glasses and cutlery free from 'spotting'

Machine Glasswash Detergent 4x5Lt 607

A non-caustic alkaline liquid developed for use in cabinet glasswashing machines which are used widely in the licensed trade

- Economical in use
- Suitable for use on aluminium
- Does not cause clouding or staining of drinking glasses which can be a problem with other alkali cleaners
- May be used in all water conditions
- Excellent at removing soils and lipstick from glasses
- Sequestering agents are phosphate-free

Purple Beerline Cleaner 4x5L

Specifically designed for beerline cleaning, this advanced formulation helps to keep beer lines clean and sanitised in just one operation. This product incorporates the latest technology by changing colour once the beer apparatus is clean, thus maintaining the quality of the beer.

- Due to its distinctive purple colour, there is less likelihood of accidental ingestion if the lines are not rinsed. This product is based on Potassium Hydroxide and is therefore Caustic soda free
- Colour changing liquid depending upon cleanliness of the beer lines
- Cleans, sterilises and maintains beer lines, pipes, pumps, engines, taps and fittings
- Effectively removes all yeast deposits, bacteria and dirt
- Caustic soda free unlike some other industry standard beerline cleaners

COMMERCIAL

INDUSTRIAL

INDUSTRIAL

“ Harness the cleaning power favoured by professionals and cleaning teams alike

Alloy Wheel Cleaner – 4x5 / 25l

Advanced formulation that effectively attacks baked on brake dust and heavy soiling, restoring wheels to their original shine. It also cuts through the toughest of grime and dries quickly to leave a sparkling clean finish

Economical in use

Solvents present ensures fast even drying, prevents water marks

Surfactants are biodegradable & phosphate free

Special blend emulsifies traffic film, grease and oil from wheels

Removes diesel & oil stains and spills from service station forecourts and pumps

Suitable for cleaning all vehicle types

Kills odour producing bacteria; perfect for use as a deodoriser

Economy Vehicle Cleaner 4x5l / 25l / 200l

An economical, yet good performance product, specially formulated for the removal of heavy duty traffic film from all types of vehicles

Developed from a blend of anionic, non-ionic and amphoteric surfactants, silicates, sequestering agents, hydrotrope, caustic and non-caustic alkalis, corrosion inhibitors and water soluble dyes

Suitable for use in all cleaning equipment

Surfactants are biodegradable & phosphate free

Emulsifies traffic film, grease and oil from vehicles

Silicates present leave windows sparkling clean

Can be used for removing diesel & soil stains and spills from service station forecourts and pumps

Suitable for cleaning all vehicle types, including tractor units, tankers and refrigerated vehicles

Vehicle cleaner - 4x5l / 25l / 200l

A high-performance advanced product, specially formulated for the removal of heavy duty traffic film from all types of vehicles. Developed from a blend of anionic, non-ionic and amphoteric surfactants, silicates, sequestering agents, caustic and non-caustic alkalis, corrosion inhibitors and water soluble dyes

Suitable for use in all cleaning equipment

Surfactants are biodegradable & phosphate free

Emulsifies traffic film, grease and oil from vehicles

Silicates present leave windows sparkling clean

Removes diesel & oil stains and skills from service station forecourts and pumps

Suitable for cleaning all vehicle types, including tractor units, tankers and refrigerated vehicles

Bleach (Sodium Hypochlorite) 4x5l, 25l

A concentrated bleach formulation based on active chlorine

Contains active chlorine

Kills 99.9% of all known germs

Surfactants are biodegradable & phosphate free

Beaded Hand Gel 4x5l

A lemon scented multi-purpose hand cleaner for removing grease, soil, oil, tar and paint from hands. Waterless based formulation containing a blend of natural citrus based cleaning agents, surfactants, natural soaps and polices

Natural citrus based cleaner cuts through grease and grime quickly and efficiently

Polychips exfoliate skin and remove ground in dirt

Cleans without irritation

Surfactants are biodegradable & phosphate free

Consolve Concrete Cleaner 2x5l / 4x5l

Hydrochloric acid based formulation used to effectively clean concrete and masonry. This is a concentrated product which effectively removes all kinds of dirt, scale and spillages from inorganic surfaces such as concrete

Dissolves and suspends mortar, lime, cement, scale and rust

Contains a powerful rust inhibitor, which makes it safe to use on the most ferrous metals, provided the surfaces are thoroughly rinsed after use

Economical in use

Surfactants are biodegradable & phosphate free

Excellent cleaner for bricks, tiles & garage floors

Citrus Degreaser 4x5l

Developed mainly for use on severe grease and grime areas such as engines and chassis

Excellent for degreasing components, cleaning in factories / garages, forecourts & car park floors

Natural based cleaning agents & citrus fresh fragrance

Removes printing ink

Suitable for floor cleaning & removing polish

Surfactants are biodegradable & phosphate free

Non-flammable formula unlike some chlorinated solvents which are used for similar applications

High Foam Traffic Film Remover 4x5l / 25l / 200l

Specially formulated product for the removal of heavy duty traffic film from all types of vehicles. Contains a blend of surfactants, sequestering agents, silicates, corrosion inhibitors, non caustic alkalis, solvents, and water soluble dyes

Special blend of surfactants break down greasy traffic film. Solvents present ensures fast even drying, prevents water marks

Surfactants are biodegradable & phosphate free

Suitable for use in all cleaning equipment
