TECHNICAL SPECIFICATION

ALKALINE FOAM CLEANER 710

A clear, green alkaline general purpose foam cleaner. Effective cleaner for use in thorough cleaning of large complex or inaccessible plant surfaces. Foam is produced through an air-based system, normally from compressed air used in the factory. Product is based on a blend of non-caustic alkalis, sequestering agents, anionic surfactants, emulsifiers and solvents.

Features include:

- Excellent cleaning powers - effective cleaning reduces microbial loading.
- Surfactants used are biodegradable and phosphate free.
- Cost effective product.
- Suitable for use in all food and beverage plants, inside and outside of food lorries.
- Safe for use on all metals and alloys, plastics, rubbers, resins, perspex nylons and man made fibres.
- Long lasting foam ensures sufficient contact time for product to penetrate and break up deposits.
- Easily rinsed to a clean, sparkling finish.

PROPERTIES:

Appearance @ 20°C
pH (neat)
Odour
Specific Gravity @ 20°C
Flammability

SPECIFICATION:

Green, clear, non viscous liquid
14
None
1.040 +/- 0.005
Non-flammable

DIRECTIONS FOR USE:

- For foam / pressure cleaning - use at a dilution rate of 1:100 – 1:20 depending on the degree of soiling.
- Allow 15-20 minutes contact time before rinsing off with clean water.
- For manual cleaning, dilute with water 1:100 – 1:20 before use.
- Apply by mop, brush or sprayer.
- Agitate if required before rinsing off with clean water.
- For complete sanitization, it is recommended that surfaces be sprayed with KM 802 surface sanitizer after they are clean and dry.

STORAGE:

Store in original container and protect from extremes of temperature. Do not store in direct sunlight nor allow the product to freeze. Shelf life (in unopened original container) is a minimum of 18 months.

SAFETY ADVICE:

Under the new GHS Standard this product is classified as Corrosive. Please refer to section 2.2 of the Safety Data Sheet for more information.

PACK SIZES:

25L container (32 per pallet)

Order Code: INDNCFC-25L
