PRODUCT USER GUIDE

DISPEL

A powerful foaming spray cleaner used to clean tiles and washroom surfaces, quickly removing soils, body fats and soap scum. With bleach action to remove black stains quickly and effectively from tile grouting, mastic and plastic shower curtains in bathroom areas within the leisure and hospitality markets.

Features include:

- Fast acting – Powerful cleaning and stain removal action.
- Removes the most stubborn soils found in washrooms such as soap scum.
- Foam action boosts cling on vertical surfaces
- Suitable for use on glazed tiles and most plastic and ceramic washroom surfaces.

PROPERTIES:

Appearance @ 20°C
pH (neat)
Odour
Specific Gravity @ 20°C

SPECIFICATION:

Clear, pale straw-coloured liquid
13-14
Slight chlorine (bleach)
1.040 – 1.060

DIRECTIONS FOR USE:

- Use directly from the bottle as a ready to go solution and requires no dilution with water.
- Utilising the trigger spray at area to be cleaned approx. 30cm to allow the product to cling to vertical surfaces. Wipe then rinse thoroughly with water.
- For stubborn stains - leave the product in contact with the surface for a longer period or repeat use before wiping and rinsing away
- Contains a bleaching agent, so avoid using the product in bedrooms and take care to prevent contact with carpets, fabrics or clothing, unpainted surfaces, lightly glazed/unglazed tiles, coloured grouting or damaged enamel surfaces.

Caution: Never use this product in conjunction with an acid-based product it may produce chlorine gases which can be fatal if inhaled.

STORAGE:

Store in original container and protect from extremes of temperature. Do not store in direct sunlight nor allow the product to freeze. Shelf life (in unopened original container) is a minimum of 18 months.

SAFETY ADVICE: Refer to the **Safety Data Sheet** for full information.

PACK SIZES: 6x750ml case (100 cases per pallet) Order Code: **TBC**
